Belle Everett, yes;

DISCUSSION: Jodi Salvo, Tuscarawas County Anti-Drug Coalition Coordinator was present to discuss Ohio House Bill 68 which proposes to increase the maximum allowable alcohol beverage content level in beer from 12 percent to 21 percent. The bill is sponsored by Rep. Dan Ramos and has been a project of his since 2011; it's the third incarnation of this bill and was introduced February 2015. Ms. Salvo has spoken with Rep. Tim Brown, Chair of the Government Accountability and Oversight Committee, where the bill is being discussed. Ms. Salvo stated Rep. Brown also has issues with this bill, however it is considered a jobs bill, therefore improving the economy as Ohio microbreweries can then compete with surrounding states. Ms. Salvo also explained that while four servings of a typical light beer would constitute a binge-drinking episode for a woman, a single 21-percent-alcohol beer would contain the same amount of the intoxicant. Also, Ohio is the No. 2 state in the nation with overdoses, Ms. Salvo said. Obviously, Ohio has a problem and anytime you increase accessibility and potency use increases, Ms. Salvo stated.

RESOLUTION (118-2016) OPPOSITION TO HB 68 - INCREASE ALCOHOL CONTENT IN BEER

It was moved by Commissioner Everett, seconded by Commissioner Abbuhl to approve the following:

WHEREAS, substance abuse has been one of the issues which has impacted nearly every person in Ohio whether through personal experience, family issues, or community impacts; and

WHEREAS, the societal costs of excessive alcohol use and binge drinking are staggering. According to the Center for Disease Control (CDC), excessive alcohol use cost the United States $249 billion in workplace productivity losses, health care costs and motor vehicle crashes. In Ohio alone, excessive alcohol costs are estimated to be $6.5 billion.

WHEREAS, the Centers for Disease Control (CDC) defines binge drinking, which for men is drinking five and women four or more alcohol servings in about two hours; and

WHEREAS, Tuscarawas County, in 2015, conducted a Community Assessment that identified that 16% of Tuscarawas County adults were binge drinkers; and

WHEREAS, this same Tuscarawas County Community Assessment identified that based on all youth in Tuscarawas County, 9% were binge drinkers and that number increased to 19% of those ages 17 and older; and

WHEREAS, House Bill 68, now in the General Assembly of the State of Ohio, is being considered which would increase the maximum allowable alcohol beverage content in beer from 12% to 21% and could potentially lead to increased binge drinking. This increase in alcohol content would equate to 4.1 drinks per a 12 ounce beer and, therefore, drinking just one beer would constitute a binge drinking episode; and

THEREFORE, the Tuscarawas County Board of Commissioners oppose HB 68 and requests the General Assembly of the State of Ohio do the same thereby saving countless lives, in not only the state of Ohio but specifically Tuscarawas County, by keeping the alcohol content at its current level.

VOTE: Kerry Metzger, yes;
Chris Abbuhl, yes;
Belle Everett, yes;

NO OTHER BUSINESS COMING BEFORE THE BOARD.

RESOLUTION (119-2016) ADJOURN

It was moved by Commissioner Abbuhl, seconded by Commissioner Everett, to adjourn at 9:19 a.m. to meet in Regular Session, Monday, the 8th day of February, 2016.

VOTE: Kerry Metzger, yes;
Chris Abbuhl, yes;
Belle Everett, yes;

We hereby certify the above and foregoing to be a true and correct account of the proceedings as had by and before us on the day and year first written above.

Kerry Metzger

Chris Abbuhl
