

National Drug & Alcohol Facts Week

January 22-28, 2018

What is National Drug & Alcohol Facts Week (NDAFW)?

- *National Drug and Alcohol Facts Week*® links students with scientists and other experts to counteract the myths about drugs and alcohol that teens get from the internet, social media, TV, movies, music, or from friends.
- It was launched in 2010 by scientists at the National Institute on Drug Abuse (NIDA) to stimulate educational events in communities so teens can learn what science has taught us about drug use and addiction.
- Students, teachers, community members, and organizations across the United States are also participating in NDAFW, right now!

Let's take look at some of the facts...

“I shatter the myths because...”

THANK YOU!!!
