Missing Eagle

The bronze eagle seated on the top of the Tuscarawas County Court House dome was reported missing today by Commissioner Kerry Metzger. The eagle is described as approximately 3 to 4 feet tall and made of bronze. According to Metzger it was placed on the top dome in 1973 with the help of a helicopter.

At this time it is uncertain if the bronze figure was stolen or if the wind may have blown the statue off of the structure. It is possible that it may have been picked up by someone if it did indeed blow off the dome. Anyone who may have any information regarding the location of the eagle is asked to contact the Tuscarawas County Detective Bureau at 330-339-7713.
